

REMANUFACTURED POWER STEERING PUMPS

Broad Range

- Full program covers over 95% of the pan-European market.
- References from 1976 to present.
- Customized range for European, Asian, and American-made passenger car, light & medium-duty commercial vehicles.
- Updated and detailed information available electronically or through a paper catalog – Provides an easy way to find the parts you need.
- Continuous program additions to ensure the latest and most market-appropriate range.

High Quality

- Each unit is 100% OE-equivalent tested, simulating vehicle operating condition.
- The full-function test checks for proper flow, seal pressure, noise and output ensuring like-new performance.
- All critical components are tested before leaving the factory to ensure exceptional performance.
- High-gloss painted finish for consistent appearance.
- 100% new seals and o-rings guaranteeing no leakage and proper function.
- Cam rings are resurfaced to attain OE specifications.
- Pressure relief fittings included for ease of installation and protection against contamination.
- Every CARDONE unit is backed by a 2-year warranty.

CARDONE Solutions
